

CLEANS
CERAMIC TILE · FIBERGLASS
PORCELAIN · STAINLESS STEEL
CHROME

Tub & Tile Cleaner is a concentrated cleaner designed to remove heavy soap scum, body oils, mineral deposits, rust and other soils found in showers, tubs, urinals, bowls and other hard surfaces. **Tub & Tile Cleaner** will effectively remove a wide variety of contaminate soils off ceramic tile, fiberglass, porcelain, stainless steel, chrome and other institutional surfaces. In addition to its superior cleaning ability, **Tub & Tile Cleaner** counteracts odors at their source and leaves surfaces with a fresh clean scent. Use of this product increases the level of sanitation in shower rooms, locker rooms, restrooms and other areas where it is used.

DIRECTIONS

Tub & Tile Cleaner is a concentrated cleaner and should be diluted with water prior to use. Dilution will vary in accordance with soil conditions. Typical applications start at a ratio of 32 ounces of Tub & Tile concentrate per gallon of finished product.

CLEANING PROCEDURE

1. Spray diluted product on surface to be cleaned until completely wet. Use of a foam application will increase chemical dwell time. Do not allow product to dry on surface.
2. Wipe with a sponge, cloth, or brush.
3. Rinse with clean water.
