

SHAKE WELL BEFORE USING

OVEC cleans warm or cold ovens. Institutional strength formula cuts through and removes heavy layers of baked-on deposits of grease, grime, cooking spills, and carbon build-up and soot, leaving surfaces sparkling clean. OVEC clings to vertical surfaces - penetrating gel sticks to all surfaces for maximum contact time and cleaning action. Does not require scouring - just spray it on and wipe off caked-on soils. IDEAL FOR USE ON: stoves, ovens, grills, overhead hoods, flues, filters, fryers, exhaust fans, barbecues, vents, ducts, pots, pans, stainless steel and many other heavily soiled surfaces.

SUITABLE FOR USE IN MEAT & POULTRY PLANTS
& FOOD SERVICE ESTABLISHMENTS

DIRECTIONS:

**WEAR LONG-SLEEVED, IMPERMEABLE,
CAUSTIC-RESISTANT GLOVES AND
PROTECTIVE EYEWEAR WHILE USING.**

BEFORE USING: Turn off all electrical switches and any pilot lights before using. To avoid damage from any over-spray or drips, cover floor and other surfaces with thick newspaper or polyethylene plastic.

DAYTIME CLEANING: Works well on room temperature surfaces, but for best cleaning action, preheat surfaces to about 200°F. Hold can upright and SHAKE WELL, then remove protective cap. Only aim spray opening toward surface to be cleaned, and never toward people, pets, or other surfaces. From about 10", spray all surfaces to be cleaned, giving them a thin, even coating of gel. Remove racks and clean them separately. If so designed, remove oven door and clean oven-side surface separately. Refasten protective cap on container when not in use. Allow to penetrate and soften food residue for 10 to 20 minutes on cool surfaces, or 5 to 10 minutes on warm surfaces. Wipe off the softened residue with a wet cloth, sponge or paper towels. For heavily contaminated surfaces, treat a second time using a scrubbing pad or stiff brush to aid in removal of stubborn residues.

OVERNIGHT CLEANING: Follow daytime cleaning directions, but do not preheat surfaces. Allow active gel to do its penetrating, softening, and dissolving action while you sleep. Clean off the softened residue the next day.

AFTER USING: Thoroughly rinse with potable water. When cleaning is completed, put all equipment back in operating condition and heat surfaces to about 250°F for 5 minutes before putting any food on them.

OVEN CLEANER

• CONCENTRATED
• INDUSTRIAL STRENGTH GEL

DANGER: CORROSIVE

KEEP OUT OF REACH OF CHILDREN.
CAUSES SEVERE SKIN BURNS AND EYE
DAMAGE. HARMFUL IF SWALLOWED OR
INHALED. CONTENTS UNDER PRESSURE.
SEE BACK PANEL FOR ADDITIONAL PRECAUTIONS.

SI USTED NO ENTIENDE LA ETIQUETA, BUSQUE A ALGUIEN PARA
QUE SE LA EXPLIQUE A USTED EN DETALLE. (If you do not
understand this label, find someone to explain it to you in detail.)

NET WT. 18 OZ. (1 LB. 2 OZ.) (510 Grams)

DANGER

KEEP OUT OF REACH OF CHILDREN. READ LABEL AND SDS BEFORE USE. CAUSES SEVERE SKIN BURNS AND EYE DAMAGE. MAY BE CORROSIVE TO METALS. CONTAINS GAS UNDER PRESSURE; MAY EXPLODE IF HEATED.

Do not breathe mists. Wash hands thoroughly after handling. Wear protective gloves and clothing. Wear eye and face protection. Keep away from heat, sparks, open flames and hot surfaces. Pressurized container: Do not pierce or burn, even after use.

FIRST AID

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with soap and water/shower. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical attention. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or a physician. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or a physician.

Absorb spillage to prevent material damage. Protect from sunlight. Store in a well-ventilated place. Do not expose to temperatures exceeding 50°C/122°F. Store locked up. Dispose of contents and container in accordance with all local, regional, and national regulations.

See Safety Data Sheet for complete safety information. 24 HOUR MEDICAL EMERGENCY 1-800-535-5053. CONTAINS NO OZONE DEPLETING CHEMICALS!

INGREDIENTS (C.A.S.#): Water (7732-18-5), Sodium Hydroxide (1310-73-2), Isobutane (75-28-5), 2-butoxyethanol (111-76-2), Monoethanolamine (141-43-5)

This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold "as is" and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise.
