

FAST ACTING INFILTRATION

- NUTS & BOLTS
- FROZEN METAL PARTS
- CORRODED PIPE THREADS
- RUSTED OR STUCK PARTS

INFINITY is a penetrating oil that's specifically designed to cut through all types of corrosion. **INFINITY** penetrates, seeps and evaporates into spaces dissolving rust and corrosion. You'll find it's the best penetrating oil you will ever use!

Pin Point Spray

Infinity gets right where you need it!

DIRECTIONS: Position the container as close as possible to the target area. Now spray until you have completely saturated the area of concern. Let **INFINITY** work its magic for a minute or two. You may have to give it a bit more time if you have a stubborn bolt or excessive corrosion build up. If your target area is especially crusty, use **INFINITY** to pre-clean the area before applying the soaking application.

NOTE: Need to protect parts before storing them. Just lightly coat them with **INFINITY** and they will be ready for use when you need them.
