

# Bio Guard™

Enzyme Fortified  
Odor Digester

**URINE**  
ODOR ELIMINATOR

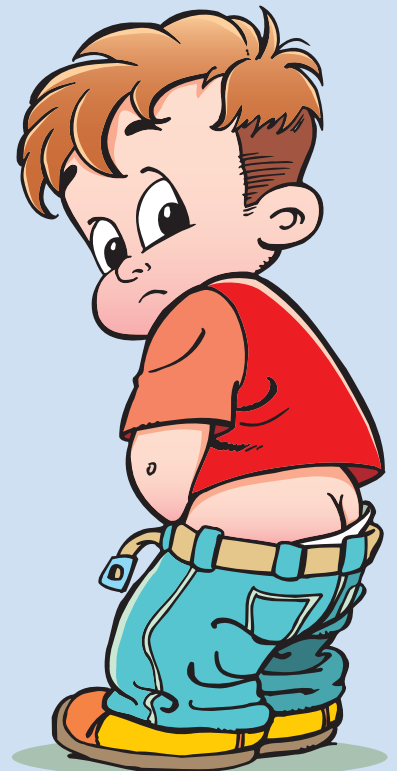

**ORGANIC**  
STAIN REMOVER

**BIODEGRADABLE**

Bio Guard effectively eliminates urine by breaking down the three main components of urine: urea, urochrome and uric acid. Uric acid contains non-soluble salt crystals and is the most difficult component to remove. Bio Guard has specially formulated enzymes and microorganisms that actually "eat" the uric acid crystals, in addition to removing the other components of urine. By removing the source of the odor and stain, the problem is SOLVED!

- Safe & Natural Solution for Odor Control
- Odor Eliminated at the Source
- Specially Formulated Enzymes and Microorganisms that Digest Odors and Remove Organic Soils and Stains
- Safe for Use:

Restroom Surfaces  
Drain Odor Control  
Carpets & Rugs  
Laundry - as a prespotter  
Urinal Drip Systems  
A/C Systems
