

**Threaded Connections • Metal Fittings
Packings • Sleeves • Flanges
Machinery • Pumps • Valves • Manifolds
Heat Exchangers • Compressors • Bushings
Castings • Turbines • Dies**

CP 2000 is a premium copper/graphite blend anti-seize formulated to prevent seizing and galling at high temperatures. Temperature-resistant from -40°F to 2000°F. Lubricates and protects most metal fasteners and fittings from corrosion and rust. Eases assembly and disassembly of metal parts while reducing friction and wear.

SUGGESTED APPLICATIONS:

Threaded connections, metal fittings, packings, sleeves, flanges, machinery, pumps, valves, manifolds, heat exchangers, compressors, bushings, castings, turbines, and dies. Many applications exist in chemical plants, oil refineries, power plants, paper mills, automotive assembly plants, waste and water treatment plants and mining facilities.

DIRECTIONS:

Clean threads or application area. Apply thin coating with stiff bristle brush. Assemble parts. To avoid contamination, close container when not using.

CP 2000™ COPPER ANTI-SEIZE

MEETS MIL-A-907-E

- Prevents Seizure at High Temps
- Compatible with Soft Metals
- Enables Fast Disassembly even after High Temp Exposure
- Prevents Galling on Steel, Stainless Steel, Titanium, Magnesium and other Hard Metals

DANGER

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)

NET WT 16 OZ (1 LB.)

5/15

DANGER: May be harmful if swallowed. Causes mild skin irritation. Causes serious eye irritation. May cause respiratory irritation. Causes damage to organs through prolonged or repeated exposure. Obtain special instructions before use. Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Store in a well-ventilated place. Keep container tightly closed. Dispose of contents/container in accordance with local/regional/national/international regulations.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation or a rash occurs: Get medical advice/attention.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
