

SHAKE WELL BEFORE USING

Clear View is an anti-static Plexiglas® and window cleaner that protects and polishes. Produces a microscopic, high luster, soil retarding and water repellent finish to Plexiglas® leaving a surface that is lustrous. Dries with no smears, no smudges and no oily residue. Can be applied in seconds, in three easy steps.

A CLEAR COATING AND CLEANER TESTED SAFE ON: Plexiglas®, Acrylic, Lexan®, Polycarbonate, and all glass. Improves visual clarity. Repels dust, dirt, chemicals, salt, finger smudges and scratches. Reduces wear and scratching. Non-abrasive, contains no wax.

DIRECTIONS:

Shake can well. Spray on Plexiglas®, windows or glass. Spray from a distance of 6 to 8 inches. If surface is dirty, use first spraying for cleaning, then respray. Wipe off and buff using a soft, clean lint free, cotton towel. Do not use paper towels. For heavy accumulation of bugs, spray on a liberal amount of Clear View allowing a few minutes for the bugs to soak and soften up before wiping clean. Make sure towels are clean when wiping on Plexiglas®. Extra coats will give extra protection. Not recommended for outside windshields.

NOTE: Protect floors from overspray to prevent slippery conditions.

WARNING: This product can expose you to chemicals including 1, 4-Dioxane which is known to the State of California to cause cancer, and 2-Methoxyethanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
