## FORMULATION BASE

### HULK SYSTEM SOLO PROGRAM DESCRIPTION

The **Hulk System<sup>®</sup> Program** was formulated as a replacement technology for consumers who purchase large quantities of degreasers in bulk tanks, totes or multiple drums. It utilizes the latest chemical technologies to simplify the transportation, storage and use of degreasers while drastically reducing all associated costs.

Our patented chemical dispensing **Hulk System<sup>®</sup>** is a self contained, free standing unit which simplifies the cleaning process. Just connect our unit to your water supply then it's an easy spray on, let soak and rinse off procedure. The **Hulk System<sup>®</sup>** saves you time, money, storage space, and provides unmatched quality control.
