

DESCRIPTION

Infinity Penetrating Oil is the ultimate in modern chemistry. It is a combination of high energy polar solvents and other compounds specifically designed to cut through all types of corrosion. Infinity penetrates, seep and evaporates into spaces as small as one millionth of an inch and will not attack healthy metal. It saves equipment, time, money and aggravation - and you'll find it's the best penetrating oil you will ever use!

DIRECTIONS

Saturate surface with sufficient product to thoroughly wet the target area. Required soak time will vary depending on the amount of soil and corrosion present on the surface. Typically, a minute or two is all that is required for most jobs. If the target surface is heavily soiled, use Infinity to pre-clean before applying the soak application. If extended corrosion protection is required, a light layer of Infinity should be applied to the surface prior to storage.

LOOSENS FROZEN METAL PARTS

CAUTION:

KEEP OUT OF REACH OF CHILDREN

For industrial and institutional use only.
(See side panels for additional CAUTIONS and FIRST AID statements.)

DANGER

Flammable liquid and vapor. Toxic if inhaled. May be fatal if swallowed and enters airways.

Keep away from heat/sparks/open flames/hot surfaces. No Smoking. Ground/Bond container and receiving equipment. Use explosion-proof electrical / ventilating / lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves/eye protection/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area.

If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor. If swallowed: Immediately call a poison center/doctor. Do NOT induce vomiting.

Store in a well-ventilated place. Keep cool. Keep container tightly closed. Store locked.

Dispose of contents and container in accordance with all local, regional, national and international regulations.
