

## DESCRIPTION

**LOW SUDS** is a one shot detergent for all sorts of fabrics. This long time favorite has found its home in hotels, nursing homes, schools and kitchen laundry operations. **LOW SUDS** is safe and effective on whites, polyesters, cottons, linens and blends. **LOW SUDS** is built to remove stubborn stains such as those found on chef's coats, food processing aprons, table linens, sheets, pillow cases and grime found on shirt collars and cuffs. This white powder contains a fresh scent and leaves linens soft and natural feeling.

## DIRECTIONS:

**For 10 lbs of dry laundry**      ¼ cup per load

**For 50 lbs of dry laundry**      ½ cup per load

**For 100 lbs of dry laundry**      1 cup per load

If clothes are heavily soiled or water is extra hard, add slightly more detergent to your wash. Should the final rinse show excessive alkalinity, reduce the quantity of compound or add laundry sour.

## KEEP OUT OF THE REACH OF CHILDREN.

Contains SODIUM SILICATE which will cause burns upon contact. Harmful if swallowed. Avoid contact with skin, eyes and mucous membranes. In case of contact, flush with water for 15 minutes and get medical attention. Avoid contamination of food.
