

# Threaded Connections · Stainless Steel Metal Fittings · Flanges

## Applications Where Acid May Be Present

**N 2600** is a premium nickel/graphite blend anti-seize formulated to prevent seizing and galling at high temperatures without the use of copper or lead. This anti-seize also provides excellent chemical resistance. Temperature-resistant from -40°F to 2600°F. Lubricates and protects most metal fasteners and fittings from corrosion and rust, even those which are unstable with copper. Eases assembly and disassembly of metal parts while reducing friction and wear.

### SUGGESTED APPLICATIONS:

Threaded connections, special alloy metals including stainless steel, metal fittings, flanges, and applications where acids may be present. Many applications exist in oil refineries, chemical plants, and waste and water treatment plants.

### DIRECTIONS:

Clean threads or application area. Apply thin coating with stiff bristle brush. Assemble parts. To avoid contamination, close container when not using.

# NK 2600™ NICKEL ANTI-SEIZE MEETS MIL-A-907-E

- Prevents Seizure at High Temps
- Compatible with Soft Metals
- Enables Fast Disassembly even after High Temp Exposure
- Prevents Galling on Steel, Stainless Steel, Titanium, Magnesium and other Hard Metals

**DANGER**  
**KEEP OUT OF REACH OF CHILDREN**  
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.  
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)

**NET WT 16 OZ (1 LB)**

5/15

**DANGER:** May be harmful if swallowed. Causes mild skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. May cause respiratory irritation. May cause cancer. Causes damage to organs through prolonged or repeated exposure. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. Specific treatment (see Section 4 reference to supplemental first aid instruction - if immediate measures are required.) Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations.

**IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.

**IF ON SKIN:** Wash with plenty of soap and water. If skin irritation or a rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

**IF exposed or concerned:** Get medical advice/attention.

**IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
