

MAXIMUM FLEXIBILITY - PRONTO is a super fast acting product that provides professionals with maximum operational flexibility. Depending upon dilution rate, Pronto may be used as a drying agent or as a clear coat sealant.

FAST ACTING - PRONTO is specially formulated to remove water from the surface of vehicles in the quickest possible time. Use **PRONTO** to drastically reduce manual drying times.

MAXIMUM SHINE - PRONTO contains special gloss amplifiers which enhance the gloss level of a vehicle's finish even in the coldest weather.

DIRECTIONS

PRONTO may be used in high or low pressure applications. Dilute **PRONTO** with enough cold water to completely cover vehicle. Actual dilutions will vary depending on operating conditions and the type of equipment used.

RECOMMENDED STARTING DILUTIONS

DRYING AGENT - Use 1/4 to 1 ounce **PRONTO** per vehicle.

CLEAR COAT SEALANT - Use 1 to 1 1/2 ounces of **PRONTO** per vehicle.

FORMS A STABLE PRE-MIX - PRONTO may be pre-diluted prior to use. Add 5 gallons of **PRONTO** to 50 gallons of water and then inject into system. **PRONTO** pre-mix consumption rates will vary, but typically will fall between 2.5 to 10 ounces per vehicle.

PRONTO™

SEALANT & DRYING AGENT
