DESCRIPTION:

Revive was specifically formulated to restore finished floors back to their original luster and shine. It is a highly advanced combination of cleaners and polishing agents which will drastically extend the life of nearly every floor finish. Use Revive as a regular part of your maintenance program and keep your floors looking their very best. While any buffing equipment will suffice, optimum results will be obtained with high speed equipment, (1000-3000 RPM).

DIRECTIONS:

Revive is 3 Step Easy

Step 1: Sweep and/or damp mop floors to remove surface grit and dirt.

Step 2: Dilute 1 part Revive with 3 parts water and damp mop onto floor.

Step 3: Allow to dry, then buff with non aggressive polishing pad.

NOTE: Dilute more or less depending on floor conditions.
