PATENTED

CAUTION: Keep Out of Reach of Children

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION

Harmful if swallowed, avoid breathing vapors. Avoid contamination of food and feed. Avoid prolonged skin contact.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. To repel rattlesnakes (Genus *Crotalus*) and checkered garter (*Thamnophis Marcianus*) from areas around houses, cabins, trailers, garages, utility houses, barns, woodpiles, sand piles, trash cans, and flower beds. May also be used around the periphery of gardens. Do not use this product at sites where snakes are believed to be already present as the deterrent effects of the product might tend to confine snakes to the treated areas.

Do not apply this product in gardens or in fields of crops grown for food or feed. Do not use this product near streams, ponds, pools, or water supplies.

Tests of this product have suggested that it can be an effective deterrent for the types of snakes listed above. While the product might deter other types of snakes as well, it is not expected to consistently repel snakes of the following types: corn snakes and other rat snakes (Genus *Elaphe*); and "moccasin" snakes such as cottonmouths and copperheads (Genus *Agkistrodon*).

**APPLICATION DIRECTIONS:** Using gloves, apply SNAKE-A-WAY IN BANDS SURROUNDING THE AREA TO BE PROTECTED. Use bands 4 to 5 inches wide to repel checkered garter snakes. For rattlesnakes, use bands 8 to 12 inches wide. In yards, lightly sprinkle SNAKE-A-WAY over the area within the treatment band.

When the odor of SNAKE-A-WAY becomes faint, its effectiveness may be diminished. If this occurs during a season when snakes are active, retreat with enough of the product to restore the original odor intensity. Retreatment may also be necessary after heavy rains.

**Storage and Disposal STORAGE:** Store only in original container, in a cool, dry place, inaccessible to children and pets. **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP (1-800-253-2687) for disposal instructions. Never place unused product down any indoor or outdoor drain.

### FIRST AID

Have label with you when obtaining treatment advice.

<b>If Swallowed:</b>	<ul style="list-style-type: none"> <li>•Call poison control center or doctor immediately for treatment advice.</li> <li>•Have person sip a glass of water if able to swallow.</li> <li>•Do not induce vomiting unless told to do so by the poison control center or doctor.</li> </ul>
